Dear Mr. Fasting:

The Texas Commission on Environmental Quality (TCEQ) has reviewed the above-referenced submittals, as well as the *Notice of Available Information* document dated January 22, 2015. Results from MW-168 and MW-97 were above the thresholds for notification of eight property owners along Stable Crest Lane, Crescent Gate Lane, and Stable Lane in the Stablewood Subdivision. Notifications continue to be made to the property owners who may have affected groundwater beneath their property. Groundwater monitoring and remediation activities will continue at the site in efforts to document and/or track plume migration that is affected by the Texas Department of Transportation's (TxDOT) I-610/I10 Interchange dewatering system. Please continue with your sampling efforts and forward the results to my attention.

Should you need to respond to this letter, please submit your response to my attention at the TCEQ with the letterhead address using mail code MC-221. If you wish to reach me by phone, please do not hesitate to call me at (512) 239-2205.

Sincerely,

A handwritten signature in black ink that reads "Rodney Bryant".
