TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

January 29, 2015

Mr. Ted Fasting, Environmental Health & Safety Director
Cameron International Corporation
1333 West Loop South, Suite 1700
Houston, Texas 77027

Re: *Third Quarter 2014 Monitoring Data Transmittal* for the Former Cameron Iron Works Facility; 1000 Silber Road, Houston, Harris County, Texas; Voluntary Cleanup Program (VCP) No. 221; Regulated Entity No. RN101474880; Customer No. CN603108770

Dear Mr. Fasting:

The VCP of the Texas Commission on Environmental Quality (TCEQ) has reviewed the above mentioned submittal. The VCP understands that the plume of semi-volatile compounds (SVOCs) continues to be affected by the dewatering system along the eastern boundary of the property. No elevated concentrations of chemicals of concern (COCs) were reported at well location MW-134. MW-145 displayed concentrations slightly above the protective concentration level (PCL), while concentrations are trending downward or are stable at locations MW-74, MW-146, and MW-147. Concentrations at MW-84, MW-169, and MW-174 are generally stable or decreasing. Finally, MW-122 has historically fluctuated above and below the PCL; however, as of August 2014, concentrations were below the PCL. Please continue with your sampling efforts to check for plume expansion and forward the results to my attention.

Should you need to respond to this letter, please submit your response to my attention at the TCEQ with the letterhead address using mail code MC-221. If you wish to reach me by phone, please do not hesitate to call me at (512) 239-2205.

Sincerely,

A handwritten signature in black ink, appearing to read "Rodney Bryant".

Rodney Bryant, Project Manager
VCP-CA Section
Remediation Division
