TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Protecting Texas by Reducing and Preventing Pollution

January 2, 2015

Mr. Ted Fasting, Director, Environmental Health & Safety
Cameron International Corporation
1333 West Loop South, Suite 1700
Houston, Texas 77027

Re: *First Half 2014 Monitoring Data Transmittal* for the Former Cameron Iron Works Facility, 1000 Silber Road, Houston, Harris County, Texas; Voluntary Cleanup Program (VCP) No. 221; Regulated Entity No. RN101474880; Customer No. CN603108770

Dear Mr. Fasting:

The VCP of the Texas Commission on Environmental Quality (TCEQ) has reviewed the November 10, 2014 above mentioned document. The document states that the plume continues to be affected by the dewatering system along the eastern boundary of the property. As a result of this, the protective concentration levels (PCLs) exceedances in the eastern and southern portions of the plume continue to be present. Due to a change in the flow direction, the AWTY International School property has transitioned from being cross-gradient to down-gradient of the on-site affected groundwater. This area will continue to be monitored for plume expansion in future groundwater monitoring events.

Please submit your responses and any data to my attention at the TCEQ with the letterhead address using mail code MC-221. If you wish to reach me by phone, please do not hesitate to call me at (512) 239-2205.

Sincerely,

A handwritten signature in cursive script, appearing to read "Rodney Bryant".

Rodney Bryant, Project Manager
VCP-CA Section
Remediation Division
