## TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

*Protecting Texas by Reducing and Preventing Pollution*

October 17, 2014

Mr. Ted Fasting  
Director, Environmental Health & Safety  
Cameron International Corporation  
1333 West Loop South, Suite 1700  
Houston, Texas 77027

Re: *2013 Annual Ground Water Monitoring Report and Field Activities Summary* for the  
Former Cameron Iron Works Facility; 1000 Silber Road, Houston, Harris County, Texas;  
Voluntary Cleanup Program (VCP) No. 221; RN101474880, CN600405872

Dear Mr. Fasting:

The VCP of the Texas Commission on Environmental Quality (TCEQ) has reviewed the above mentioned document dated August 13, 2014. The VCP understands that the plume is still being affected by the I10/610 dewatering system along the eastern boundary of the property. Groundwater concentrations are generally decreasing, however concentrations remain above protective concentration levels for some constituents. Please continue with your sampling efforts checking for plume expansion as stated in the August 29, 2003 approved Response Action Plan (RAP). Forward any results to my attention.

Should you need to respond to this letter, please submit your response to my attention at the TCEQ with the letterhead address using mail code MC-221. If you wish to reach me by phone, please do not hesitate to call me at (512) 239-2205.

Sincerely,

A handwritten signature in black ink, appearing to read "Rodney Bryant".

Rodney Bryant, Project Manager  
VCP-CA Section  
Remediation Division
