## TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

*Protecting Texas by Reducing and Preventing Pollution*

June 16, 2011

Mr. Ted Fasting  
Director, Environmental Health & Safety  
Cameron International Corporation  
1333 West Loop South, Suite 1700  
Houston, Texas 77027

Re: Comments to First Quarter 2011 Monitoring Data Transmittal dated June 9, 2011,  
Former Cameron Iron Works - Katy Road Facility, 1000 Silber Road, Houston, Harris  
County, Texas; Voluntary Cleanup Program (VCP) No. 221; RN101474880,  
CN600374821

Dear Mr. Fasting:

The VCP of the Texas Commission on Environmental Quality (TCEQ) has reviewed the above referenced submittal. Based on the requirements of the October 25, 2004, and December 30, 2004, TCEQ letters concerning the method that will be used to determine when more frequent monitoring or remedial response actions will be required, the TCEQ has the following comments. No response to these comments is required.

1. The TCEQ notes the decreasing concentrations of chemicals of concern (COCs) in trigger well MW-173 in the Stablewood Subdivision since the operation of the remediation system began.
2. The TCEQ agrees with the continued quarterly monitoring of COC concentrations in groundwater at trigger wells MW-59, MW-74, MW-84, MW-125, MW-134, MW-171, and MW-173 as shown on Table 1.
3. The TCEQ notes that the presence of permanganate will be monitored in the wells comprising the injection galleries and select monitoring wells in the treatment areas, and that a permanganate injection event is scheduled for July 2011.

Should you wish to discuss these comments, please call me at (512) 239-3044.

Sincerely,

A handwritten signature in cursive script that reads "Mark R. Riggle".

Mark R. Riggle, P.G., Project Manager  
VCP-CA Section  
Remediation Division
